Director of Org.

Motion: W. Bachmann made a motion that N.Y. Metro Area Postal Union endorse these four demands of the "FREE MUMIA ABU-JAMAL COALITION (NYC):

1. **Mumia's chosen private physician has immediate regular phone access to Mumia in the infirmary.** Phone access is limited in the infirmary, and Mumia and his physician need to be in conversation throughout each week.
2. His doctor be allowed to **communicate freely and regularly** with the prison infirmary physicians who are currently overseeing Mumia's care.
3. The PA Department of Corrections (DOC) allow Mumia's doctor to schedule an **immediate Independent Medical Examination** in an examination room with a table and medical instruments.
4. The PA DOC **develop a diagnostic and treatment plan** adequate to understand any underlying conditions that have contributed to his current ongoing crisis, and that consultation with appropriate specialists be arranged in a timely fashion and be used to assist in this effort.

This endorsement should be on NY Metro Area Letterhead and be sent to:

Tom Wolf, PA Governor

717.787.2500
